Personal traits:

I'm Aspen van der Wijst, I'm 20 years old and I finished the study Producer Radio last year. I'm often doing a lot of things that are music related. Including writing articles about news in music, and interviewing various artists. I can often get along well with other people, and they often like talking to me. I'm perfectionistic and I can work well in group situations. I love to figure out things on my own, and I will work tirelessly on something when I'm really invested.
